The first part of the assignment is to sign up for our course's Zulip discussion server using the invitation you received.

1. Use your first and last name to create an account.

2. Post a self-introduction in the stream marked #Homework 1 (under the topic: Introductions).

3. Optional: feel free to start other topics under Homework 1, if you have any questions about the material (or under Lectures 1 or 2, if you have any questions about those lectures).

Please turn in solutions on Gradescope to the following exercises in the textbook:

§1.1 Systems of Linear Equations: #1,5,8,9,14,19,30,33,34

§1.2 Row Reduction and Echelon Forms: #1,6,9,16,25,26,33,34
