

APMA 1680: Nonparametric Statistics

Division of Applied Mathematics, Brown University, Spring 2010

Instructor: Konstantinos Spiliopoulos.

Homework 5:

Due: Tuesday March the 9th. You can turn in problem 2 on Tuesday the 16th

1. Problems 4.1, 4.15, 4.27, 4.7, 4.35, 4.13, 4.26. Problem 4.1 should be done both by hand and by using R. You can do problems 4.15, 4.27 only with R if you like (make sure to do them the right way).

2. Program the procedure described in section 4.4 in R and then use your code to do problem 4.39. I want to see both the code and the output.
