

Lecture on July 25th, 2018
Uniformly Distribution and Poisson Process, Spatial Poisson
Process

1 Uniformly Distribution and Poisson Process (See Chap 5.4)

- Example of Customer Arrivals to estimate expected total amount of money discounted back to time 0.
- Example of Shot Noise.

2 Spatial Poisson Process (See Chap 5.5)

- 1 dimensional example.
- Two Generalized Definitions of Poisson Point Process.
