BOSTON UNIVERSITY GEOMETRY AND PHYSICS SEMINAR

SPINOR FIELDS AND ANOMALIES

Dan Freed

Harvard University/CMSA

CCDS 365, Nov 29, 2023, 4-5pm

Tea: 3:45pm in Room 365

Abstract: I will describe several aspects of the field theory of a free spinor field in both special and general dimensions. A particular focus will be paid to anomalies and their use.

See `http://math.bu.edu/research/geom/seminar.html` or contact Yu-Shen Lin (*yslin@bu.edu*) or Brian Williams (*bwill22@bu.edu*) for more information.
